Discord Nitro can be used to support the servers that you are part of, get more features like the ability to upload bigger files, more emojis, HD video streaming, profile customization, etc. However, to get the Nitro, you need to buy it for \$99.99 a year or \$9.99 a month. But there are actually legit ways for you to get the Discord Nitro for completely free. Here are the ones that are currently working for you to take advantage of.

1. Salad Salad is a free crypto mining software you can install on Mac, Linux, and Windows. It uses your computer resources to mine crypto for you. Once you start making some cash out of it, you can redeem your crypto to a crypto wallet or use that to buy Amazon gift cards, in-game currencies, offers in services like Spotify, and even the Discord Nitro. If you are wondering, you can check out this support page from Salad to start an account, start mining, check balance, redeem it, and along with other FAQs that will help you get started. The more powerful your computer is, the more you earn from it. Checkout Salad
2. Nitro Giveaways There are many Discord servers that conduct Nitro giveaways. Most of these Discord servers are advertisements focused and give you nitro for their service promotion. Just participate in those giveaways to get a chance to win the Discord Nitro. As with all giveaways, there can only be one free winner, so getting Nitro with this method isn't guaranteed. Anyhow, here are some of the best Discord servers that you need to opt-in: Open Advertisements, Self-promotion central, Jet's Dream World, Sound's Spooky World, Dank's Dungen, Custom's Magical World. Most of these servers have a small verification process to join like a captcha to stop the bots.
3. Promotions Just like the Nitro Giveaways, sometimes companies provide free months of Nitro for all their customers as some offer or a welcome gift. For example, Epic Games used to provide free Discord Nitro for all its subscribers. Now, YouTube Premium is available for free if you have Discord Nitro. So if you haven't subscribed to YouTube premium before and wanted to try it out, just buy the Nitro for \$10 and get a YouTube premium for 3 months which is worth \$33. Note that most of such promotions are only available in few countries including the YouTube Premium mentioned above.
4. Discord Partner Program Owners of Partnered Discord servers receive free Nitro upgrade. To apply for partnership, your server should have at least 500 members, minimum of 8 weeks old, should be an active server, and should be considered a good environment with no false language. To join the partner program, open your Discord server, open server settings, and then click on the Partner Program option in the sidebar. Here click on Apply for Partnership button if your server is eligible with the above-mentioned requirements. Also, Discord pauses the partner program from time to time, so you can wait and check out later to apply.
5. Downloaded the Mobile App Discord itself provides you a free month of Discord Nitro for downloading the Discord mobile app. But there is a catch. It only works when your account doesn't have Nitro beforehand and you haven't installed the Discord app on your mobile before. In short, first-time users. Upon downloading for the first time, you should see a pop-up to proceed further. Do remember, Discord asks for the payment info even though you don't have to buy it. Anyhow, Nitro isn't a subscription service, so you don't need to worry about canceling later.
6. Events Events that are run related to Discord often have Discord Nitro prizes. This is one of the ways to earn Nitro for free, but not guaranteed. For example, Discord normally runs events for their anniversaries or for Christmas called Snowsgiving. These events normally give out a lot of free stuff like Xbox, PlayStation, Keyboards, Headsets, Game Licenses, etc. along with the Discord Nitro. But the chances of winning a gift is just like in a Giveaway.
7. Talk in Servers Many discord servers have a leveling system where each message you send gets you an XP and eventually helps you level up. Few servers will provide some gifts for each level up and some servers also include Discord Nitro as one option. Also, some servers like Planet Roonie will offer Nitro to the most active person on their server. So participating in such servers can help you get Nitro for free.

Share this article: Share as much as possible! :) FYI: THE FREE NITRO PROJECT IS ON PAUSE, if you join the server, join it only if you are sure to stay while we find another solution. (there will be some but it can take 1 month to find solutions!). I'm going to see if I can still do nitro giveaways that I can afford. Return of the nitro project on 09/5/2020!!! So go come, the project will not last very long :). Hello good night, Alucare plans to offer you nitro discounts "for free", yes like the other discounts with more than 10k members, except that unlike these discounts which are in reality only scams. With this project, there will be real nitro drops (since the money used to pay for the nitro is yours who participated in it (I'm only an intermediary), so there will be possibilities of either win a nitro discord or a nitro classic. I'll let you read the rest, but before the giveaways are deleted, now everyone does their missions and like that ALL those who participate are sure to have nitro! (and it avoids those who think it's fake since they are sure to have nitro quickly!) To participate come to: DISCORD ALUCARE.FR and take the time to read all the channels, everything is well explained. (you are reading the old version the new version is at TOP OF THE PAGE) Using a Gif in Avatar: Nitro Classic will allow you to add some animation to your profile picture. You can turn your avatar into an animated image (put a GIF). Choose your Discord discriminator: Customize your 4-digit discriminator with your Nitro Classic subscription! example: (Alucare#0666)-(Alucare#0001) Use Custom Emojis Everywhere: While normally the use of custom emojis is restricted to the server they were uploaded to (with a few exceptions), Nitro unlocks your Kappa arsenal to unleash on all servers and Direct Messages, as you wish. Better Screen Sharing Quality: Increase your ability to share your screen with 720p @ 60fps or 1080p @ 30fps screen sharing Increase your file sharing limit from 8MB to 50MB: Normally, you can upload and share files that individually can only be 8MB. However, Nitro Classic will increase this limit to 50MB which can help. Price = 5\$ per month or 49.99\$ per year. (you are reading the old version the new version is at TOP OF THE PAGE) The particularities of the nitro discord (gaming): The nitro discord has the same advantages as the classic but allows you to access a catalog of more than 1000 games for free (a kind of steam or epic game store). Price = 10\$ per month or 99.99\$ per year. (you are reading the old version the new version is at TOP OF THE PAGE) Now that you know these specificities here is the process of the project: Alucare's Utip is created, we need as many people as possible to watch as many ads as possible, a giveaway will be made when the €5.25 or €10.50 is reached, an ad viewed is equal to 0.04€-0.05€ and you can watch 3 ads per day. A vote will be made to know what type of nitro you want before each giveaway. To enter the giveaway you must have a minimum of 6 ads viewed per week (if someone wins without having watched an ad, the giveaway is relaunched), but the more ads viewed the more nitro will be given and therefore the more chances that you find your account there. (And the time between each giveaway will be reduced!) The discord nitro will be sent in MP, to avoid scams I will take a screen of the account BEFORE they receive the giveaway (that we see that he does not have the Nitro) and one after he has accepted! There will be a paypal money screen (I don't do carding the money will be paid from my paypal account) Here I hope you like the project, you can talk about it around you, invite friends by sharing this page with them so that they can come and help them to add some animation to win the nitro. To participate: Join my discord and take the role (Nitro) in the appropriate channel by clicking on: DISCORD ALUCARE.FR thanks to #4336 for the explanations (the basic text is from him) I just re-edited it a bit to make it look better on the site. Info on the weeks: NEWS: WEEK 1 FYI I stream the giveaways at each draw and I show that it's NO FAKE every time!
